

BDA Bun Divider Rounder

Glimek BDA is a fully automatic dough divider rounder that divides and rounds dough pieces into equal pieces. The precise regulation of the rounding chambers and the powerful rounding movements gives perfect rolls.

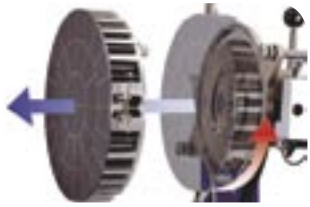

Sveba Dahlen Group

Scandinavian know-how – worldwide

BDA Bun Divider Rounder

The machine has a maximum flexibility due to interchangeable dividing discs

The machine works entirely by hydraulics making it more dough friendly. It's also exceptionally quiet, contributing to a pleasant work environment

The digital window shows the times and any messages. Choose either only dividing or one of the four different programs from the memory.

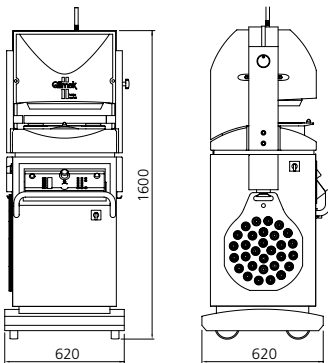

The machine comes with three hygienic moulding plates made of food approved plastic.
