

CE-400 Cup Elevator

Glimek Cup Elevator CE-400 is a vertical step-by-step elevator for transporting the dough piece from the Rounder up to the Intermediate Conveyor Prover.

Sveba Dahlen Group

Scandinavian know-how – worldwide

CE-400 Cup Elevator

The outfeed hopper guides the dough piece into the conveyor prover

The electrical cabinet, mounted on the side of the elevator, has motor protectors for both elevator and prover conveyor

The timing of each dough piece is controlled by a photocell

Accessories

Electronic piece counter	Piece counter with display
